

Announcing our 2013 Seminar and Training Package

This year heralds an almost overwhelming deluge of changes in the tax and employment field. As the only advisers to lecture and specialise in both employment and tax law we are proud to bring you details of our annual update seminar and training package.

The law is constantly changing, as are HMRC and claimant tactics. In addition to our nationwide seminars we have designed a program that will keep you updated on legal developments throughout the year, from the comfort of your desk.

Acumen Vodcasts

At Acumen we are always looking to ensure that our clients benefit from the best service and have the most up to date information available. That is why we have developed the seminar and training package for our clients including not only our live seminar but a series of vodcasts over the course of the year. Subscribe to our complete seminar and training package to receive:

- ✓ Tickets to our annual update seminars.
- ✓ Access to our update vodcasts of which there will be at least 4 in a twelve month period.

The vodcasts will focus on the most current tax or employment law issues. This could be an important case decision or new legislation that you need an update on but can't wait for the annual seminar. The vodcasts will provide these crucial updates instantly and straight to your office. No travelling to a seminar venue, plus you can share the vodcast with your colleagues and you can revisit them whenever you need to. See a sample vodcast at www.acumenlegal.co.uk/tech-zone/vodcasts.
